Animation 11

Enter The University of Manchester's 4th Annual UK Schools Computer Animation Competition.

Create a one minute animated computer graphics movie using one of the following animation programs:

- **Alice** – a free downloadable computer animation system that requires no knowledge of programming.
- **Flash** – Adobe's commercial product for designing interactive multimedia and animations.
- **Scratch** – a free downloadable programming language ideal for creation of short movies.
- **Serif DrawPlus** – a commercial drawing and animation program from Serif Ltd.

Winners will receive great prizes. Finalists will also be invited to join us for the Animation Festival in July 2011.

Get animated and get your entries in by **1 April 2011**.
